AFFIDAVIT OF BRADLEY C. WIEFERICH, P.E.

STATE OF MICHIGAN)
) ss
COUNTY OF INGHAM)

Bradley C. Wieferich, first being duly sworn, deposes and says:

1. I am the Bureau of Development, Director, within the State of Michigan, Department of Transportation ("State").

2. I have been employed with the State since September, 1995.

3. As part of my job, I am familiar with the Manual on Uniform Traffic Control Devices as promulgated by the Federal Highway Administration ("MUTCD"). In addition, I am familiar with the MUTCD as adopted and supplemented by the State.

4. As part of my duties, I am generally familiar with the State's construction and maintenance of trunkline highways throughout Michigan.

5. The document attached as Attachment A was prepared from business records maintained by the State in the ordinary course of business.

6. Attachment A contains a list of federal aid projects during the period from 1999 through 2016 in which various road signs, including the State's trunkline sign, were purchased and placed on roads throughout Michigan with federal funds.

7. In Attachment A, the column titled "Route" shows the route number on which signs were placed as part of federal aid projects paid for by federal funds.

8. In Attachment A, the master column titled "Authorized Amount" includes three columns showing (i) the total cost authorized for the project under the "Total" column, (ii) the amount of federal dollars spent on the project under the "Fed" column, confirming that it is a federal aid project, and (iii) the amount of state dollars spent, if any, on the project under the "State" column.

9. More specifically, the highlighted portions of Attachment A show federal aid projects between 1999 and 2003 where the State's trunkline signs were placed on the following Michigan trunkline highways as part of federal aid projects:

M-8, M-10, M-18, M-19, M-20, M-21, M-25, M-28, M-30, M-34, M-36, M-37, M-39, M-43, M-44, M-45, M-46, M-47, M-49, M-50, M-53, M-54, M-57, M-60, M-61, M-81, M-83, M-84, M-90, M-91, M-100, M-102, M-115, M-117, M-138, M-142, M-154, M-156, and M-179.

10. During the period from 1999 through 2016, there have been numerous other federal aid projects for the construction and maintenance of trunkline highways throughout Michigan, paid for with millions of dollars in federal funds, where the State's trunkline sign was placed.

11. For several decades, the State's trunkline sign has been placed on federal aid projects for the construction and maintenance of hundreds of miles of trunkline highways throughout Michigan. These federal aid projects involved many millions of dollars in federal funds.

The above facts are true to the best of my knowledge, information, and belief, and I will testify to this effect if called upon to do so.

Bradley C. Wieferich

Subscribed and sworn to before me
this 11th day of October, 2016

Ingham County, Notary Public

SUSAN LUBITZ
NOTARY PUBLIC, STATE OF MI
COUNTY OF IONIA
